

A LIFE IN THE LOW FREQUENCIES

Finding the Groove

Bassist / songwriter / recording collaborator

Rodney Wallin is a seasoned bassist with deep roots in the Carolina music scene and a history of performing, writing, and recording original music.

ABOUT

Driven by the music, never the spotlight.

Rodney's path winds through bands like Raine, Moses Jones, and Charlotte-based psych rock outfit Roman Candles, alongside a wide range of original projects.

He continues to explore new musical territory through recording, engineering, and collaborations with fellow musicians, including longtime musical partner Kennon Knight. For Rodney, the best moments happen when the groove takes over and everything just falls into place.

THE APPROACH

Listen close. Find the pocket. Serve the song.
